To Windows7 and Windows8.1 Users
(Please DO NOT reserve the upgrade to Windows 10)

Microsoft is planning to release "Windows10" On July 29, 2015, but as of June 19, we are not able to check its operation including access to on-campus services such as web portal and access to wireless LAN.

Please do not upgrade your PC to Windows 10 since you might not be able to use on-campus system. Please do not upgrade your PC to Windows 10 since you might not be able to use on-campus system.

We will inform you again as soon as we check the operation on the university system.

Since June 1, Microsoft has started to accept upgrade reservations.

If you are using Windows7 or Windows8.1, please do not proceed with the upgrade reservation even when you see the reservation icon on taskbar.
